*Easy Access off Interstate 94*

## “The Farmer’s Friend”

A versatile fully adaptable towing assembly that allows you to tow your heavy implements and equipment safely with your semi.

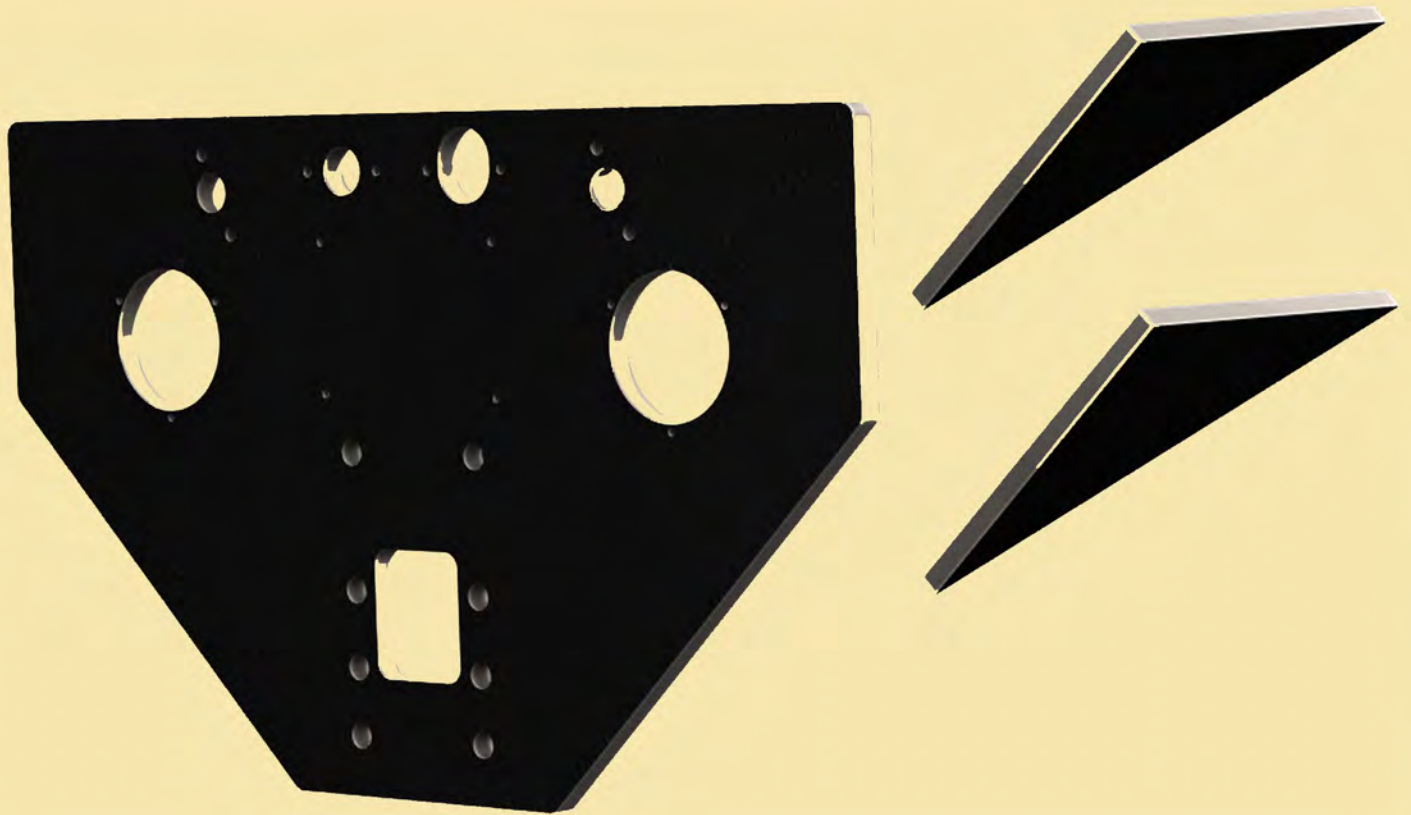

Choose one of our instock attachments or we can custom design any type of receiver assembly to fit your needs.

# Options

We Use the largest DOT approved safety rings available and we buy them factory direct so we can pass the savings along to you.

Additional features include optional LED tail lights, service air and emergency air glad hands. 7pin or 6 pin round or flat tow blade style trailer plugs are available. And you can finish off the whole assembly with LED license plate lights designed to light up for a lifetime.
